TRUMAN ASKS END TO STRIFE

BUS STRIKE HAS REACHED INTO TEXAS

DRIVERS AND OTHER EMPLOYES GREYHOUND LINES LEAVE JOBS

SEVEN SOUTHERN AND WESTERN STATES, INCLUDING TEXAS, AFFECTED

KANSAS CITY, Mo., Nov. 5.—(AP)—Bus drivers and other employes of Southwestern Greyhound Lines, Inc., left their jobs at midnight last night in seven Southern and Western states, joining striking Greyhound workers in 19 Eastern states.

Approximately 300 workers walked out in Texas. Other points affected were in Oklahoma, Missouri, Kansas, New Mexico, Colorado and Arkansas.

Union leaders and company officials said the dispute was over wages.

W. C. O'Kelley, business agent for the Amalgamated Street Railway and Motor Coach Employes Union (AFL) in the Southwest, said the Union is asking a cent a mile increase in drivers' pay more than the present 4 1-2 cents a mile. The company has offered 5.3 cents.

In the East, drivers receive 5 cents and are seeking 5.75. The company has offered 5.4 in that area.

No change was reported in the situation east of the Mississippi where 4,000 drivers and other employes of six bus lines walked out Nov. 1.

Dallas Drivers Out.

Approximately 125 drivers in Dallas joined the strike, according to C. K. Wilson, member of the Dallas local of the union. He said V. C. Estes, district president at Oklahoma City, had telephoned im and requested the strike. The station, just half an hour before the scheduled walkout, was crowded with hundreds of prospective travelers, ignorant of the proposed strike.

A simflar number of drivers was affected in the Houston area.

W. C. Estes, Oklahoma city, president of the union in the Southwest, termed the walkout "unauthorized" yesterday.

O'Kelley said that he is scheduled to meet with P. W. Tibbits, president of the Greyhound Lines in Fort Worth Nov. 8 to discuss the situation.

Government May Take Steps.

In Washington, Howard Colvin, assistant chief of the labor department arbitration service, said the government might take definite steps today to try to end the strike.

Bus Strike Peaceful And Also Picketless

DALLAS, Nov. 5.—(AP)—The strike of drivers, ticket agents and baggage room workers of the Southwestern Greyhound Bus Lines which began at midnight last night was picketless and peaceful today.

Between 1,200 and 1,500 employes were idle in a seven-state area.

DUTCH REPORTED BE PLANNING BRING IN MANY MORE TROOPS

SEEK TO GAIN FIRM CONTROL OF PART OF JAVA AND THEN CAMPAIGN

By RALPH MORTON

BATAVIA, Java, Nov. 5—(AP)—Dutch officials were understood today to be considering a plan to gain firm control of a small part of Western Java and establish that area as a rallying ground from which they could extend their efforts to end the native nationalists uprising in the East Indies.

The Dutch plan to bring in many more troops, although there has been no official announcement on the subject. Some unofficial estimates of the size of the reinorcemnts run as high as 20,000 men before Christmas.

Strife-torn Java was quiet today following the flare up of sporadic fighting in the northern section of Batavia during the night, but it was like the quiet before the storm. The picture as a whole is blacker and more ominous, with tens of thousands of trigger-happy Indonesians armed to the teeth and determined on revolution.

The British are in a dilemma apparently undecided whether to fight their way through and return the island empire to Dutch control or merely continue to disarm Japanese, rescue internees and defend themselvs.

At persent the Dutch will not accept American mediation, claiming that the Russnans, French and Chinese also may wish to have their thumbs in the pie.

JAPANESE PEOPLE TO BE BENEFITED BY LOSS OF WAR

PRICE GREAT BUT NIPS HAVE LEARNED LESSON, SAYS PSYCHOLOGISTS

By RUSSELL BRINES

TOKYO, Nov. 5.—(AP)—One of Japan's leading psychologists, Dr. Sadaji Takagi of Tokyo Imperial University asserted today that both the surrender to the allies and the following occupation of his country by American troops would benefit the Japanese people.

"Japan paid a big price in the war, but it learned a good lesson." he added.

For the first time, explained Dr. Takagi, the average Japanese has learned that his nation isn't the only one, nor even the best, in the world.

The war and surrender shattered his illusion of being "a frog in a well."

"At first the people feared Americans because of stories of their brutality," he said. "But they found out thatt wasn't true. Now they will attempt to adopt his (American) friendly, efficient way of doing things.

"All feelings are undergoing a change as a result of the surrender. Reaction takes time, but I believe there will be fundamental changes in the people."

Indication that one of the changes already may be taking place was noted by the Tokyo newspaper Mainichi, which reported a wave of labor movements, aimed at ultimate formation of a Japanese National Federation of Labor, was sweeping the country. Workers already have won concessions from management in two instances.

Long-Threatened General Strike CIO Materializing

WINDSOR, Ont., Nov. 5.—(AP)—Windsor's long-threatened general strike of CIO industrial workers apparently was materializing today with nearly 20,000 men reported idle and provincial and mounted police standing by.

An estimated 8,500 workers struck at a number of plants in sympathy with strikers at the picket-barricaded Ford Motor Company of Canada, where 10,000 have been off the job for eight weeks in a contract dispute.

Some 2,500 pickets of the CIO's United Automobile Workers Union were drawn up at the main gate of the Ford Company.

Windsor police said there had been no incidents as the strikers used the vehicles to establish the barricades on streets at the front and side of the plant.

Workers at Windsor plants of General Motors, Chrysler, Kelsey-Hayes Wheel Company, Truscon Steel and Motor Products, Ltd. struck today in sympathy with the Ford workers. Union spokesmen predicted all 8,500 members of local 195 United Auto Workers (CIO) would join the walkout, which affects 10,000 members of Ford Local 200.

Heavily re-inforced police details were held in reserve.

SEARCHERS FAIL TO FIND MISSING CHILD CALIFORNIA AREA

DOWNIEVILLE, Calif., Nov. 5.—(AP)—"I hope it is kidnaping and that he is alive and safe—rather than lost i nthose mountains," the grief stricken father of Dickie tum Suden, 3, exclaimed last night as weary searchers began to despair of finding the child alive.

The father, Joseph Tum Suden who operates the Brush Creek gold mine, and other members of the family clung to the kidnap theory as one of the last rays of hope as tired searchers and footsore dogs concluded their fourth fruitless days of hunting in the towering Sierra Nevadas.

Blonde, blue-eyed Dickie disappeared Thursday from the yard of his home at Goodyear Bar.

PRESIDENT UNION AT HILLSBORO IS REPORTED ATTACKED

HILLSBORO, Nov. 5.—(AP)—A CIO official said the president of the local union was attacked early today as he and others were returning to work after a three-week strike at the Hillsboro Cotton Mills.

Paul Schuler, regional director of the Textile Workers of America (CIO) said a protest is being filed at Washington. Schuler said that other workers who had returned to their jobs were either leaving on their own accord, or had been ordered from the mills by the bosses."

Schuler said that B. B. Powers, president of the Hillsboro CIO union, had been attacked by three men. No formal complaint has been filed by Powers against the attackers.

However, several men voluntarily reported to the city court and were fined $5 each after they pleaded guilty.

Schuler said the policy committee had voted htre yesterday to accept a War Labor Board order demanding that striking employes of the Hillsboro and Itasca mills return to work.

The policy committee said the Meixa cotton mill was not included in the WLB order, "because the WLB had refused to set a meeting concerning the non-compliance of the Mexia company with the board order."

Morris Aken of Austin, secretary of the State Industrial Union Council of the CIO, said Mexia workers planned to wait until 10 a.m. today for a WLB decision regarding their status.

Aiken also said a telegram to the policy committee that he hoped tht strikers would return to work "pending final determination of the case."

FATHERS OF THREE OR MORE CHILDREN BARRED FROM DRAFT

WASHINGTON, Nov. 5.—(AP)—Selective service today banned the induction of all men with three or more children under 18 years of age.

This will apply, in practice, to men 18 through 25, since older men have been exempt from the draft since the end of the war.

Selective service said it had acted at the request of Secretary of War Patterson and Secretary of the Navy Forrestal.

WHITE HOUSE SAYS U. S. FORCES HAVE NOT FOUGHT IN CHINA

CHINESE COMMUNIST PAPER IN VIRULENT ATTACK AGAINST AMERICA

WASHINTON, Nov. 5.—(AP)—The White House said today there have been no clashes between Chinese Communists and United States armed forces.

Eben Ayers, assistant press secretary, made the statement to reporters, at first limiting it to "United States Marines." In response to inquiries, Ayers later said he had checked and that the denial of any clashes with the Communists applied to all United States armed forces.

Ayers did not indicate what occasioned his statement. There were reports, however, from Communist headquarters in China that American Marines had fired on Chinese Communist representatives at Chinwangtao. The Chinese, the dispatch said, "had to reply' to the fire, but withdrew after about an hour of hostilities.

Ayers told a news conference that President Truman had received a message from Lt. Gen. Albert C. Wedemeyer, commanding general of the United States forces in the Chinese theater.

The general informed the president, Ayers said, that "there have been no clashes between Chinese Communists and United States Marines."

Ayers did not elaborate.

CHUNGKING, Nov. 5—(AP)—Chinese communist protests alleging armed American intervention in China's undeclared civil war broke out anew today and were denied almost immediately in Chinese central government circles.

The communist New China Daily News bluntly called Lt. Gen. Albert C. Wedermeyer's recent promise of non-intervention "nothing but a lie" and the communist news agency reported that "troops and people in liberated areas are indignant at actions of American forces."

The Daily News, in a dispatch from communist headquarters at Yenan. Shensi province, specifically charged that Americans not only had armed and equipped central government troops "but have

Supreme Court Refuses To Rule On Ward Case

WASHINGTON, Nov. 5.—(AP)—The supreme court refused today to rule on the validity of the government's wartime seizure of Montgomery Ward and Company properties in seven cities.

This action was in line with the justice department's request that the court refuse to consider the case. The department contended that since the army relinquished control of the properties in October, there was no longer any basis for a high court ruling.

Wards countered with a petition insisting on a ruling and asserting another seizure of its properties was probable.

The U. S. circuit court at Chicago in a 2-1 decision had held the seizure legal.

In dismissing the complaint, the supreme court ordered the judgment of the circuit vourt vacated and sent the case back to the district court with directions that it dismiss the case as being "moot."

By this the court indicated that it considered the case one in which there was no longer any cause for action.

SAM ALLEN AT LIBERTY ON BOND TO AWAIT ACTION OF GRAND JURY

W. B. Humphries, 36, is dead and Sam Allen, Corsicana, is at liberty on bond of $2,500 to await the action of the Navarro county grand jury as a result of a shooting scrape at the garage at the Humphries' residence 2106 West Sixth avenue, Sunday night about 9 o'clock.

An investigation was inaugurated into circumstances surrounding the trouble immediately by Sheriff Cap Curington and David Ralston, assistant county attorney in charge of the county attorney's office. The investigations were continuing Monday.

Body In Automobile.

The officers said that Humphries body was found in the front seat of his automobile and that six empty shotgun shells (0-guage) were discovered about the garage. Humphries had been shot once in the left breast, once about the belt line and another wound was found below the belt line on the left side.

Allen declined to make a statement to officers concerning the trouble, they stated.

Murder Complaint Filed.

The formal complaint for murder was signed by Sheriff Cap Curington, was accepted by Ralston and filed before Judge A. E. Foster who set bond after the defendant waived examining trial.

Officers had not decided at noon Monday when the grand jury would be re-summoned to investigate the matter. The grand jury is in recess, subject to call.

Both are well-known Corsicana residents.

Funeral Services Tuesday.

Funeral services for Humphries will be held from the Corley Funeral Chapel Tuesday afternoon at 4 o'clock with burial in Oakwood cemetery. The rites will be conducted by Rev. Jared I Cartlidge, pastor of the First Baptist church, and Rev. Erwin F. Bohmfalk, pastor of the First Methodist church.

Surviving are his wife, a daughter, Sybil; mother, Mrs. Josie Humphries; five brothers, Cecil, Sam, Ray, Homer, U. S. Army, and Joe Humphries; and three sisters, Mrs. R. D. Beauchamp; Mrs. V. W. Sumerall and Miss Marie Humphries, all of Corsicana.

Pallbearers will be Fred Marberry, Joe B. Fortson, Leo Palmer, Bill Brown, Allyn Gordon, R. M. Cooksey and John H. Brown.

SMALL HOLDERS PARTY WINNER OF HUNGARY ELECTION

BUDAPEST, Hungary, Nov. 5—(AP)—The small holders party representing the center and conservative elements in Hungary, apparntly swept the country yesterday in the first free general elections held in central Europe since the war.

Incomplete returns showed the small holders party made a slight gain over its votes in Budapest's municipal balloting of a month ago when it surprised even its own leaders by walking off with the election. Final tota will be delayed until the vote can be counted from the 16 national voting districts.

Reports from all over the country indicated the election was carried out with but few scattered incidents of violence.

NEW FLASHES OF HOPE COME FOR ESTABLISHING OF JEWISH NATIONAL HOME IN PALESTINE

By DEWITT MACKENZIE
AP Foreign Affairs Analyst.

For almost a generation now lights of hope from time to time have gleamed through the darkness surrounding the problem of establishing a Jewish National home in Palestine, but always they have proved to be will-o'-the-wisps which danced away as quickly as they came.

So one is cautious in approaching what look to be encouraging signs in connectiton with this highly dangerous Arab-Jewish imbroglio. Still, despite the fresh crisis, with its outbreaks of violence, (or perhaps better, because of this crisis) there are new flashes of hope, though only time will tell whether they are real or only more of the delusive phosphorescense which we have chased before.

One good indication is that England seems anxious for aid in carrying out the responsibility of her Palestine mandate. She's fishing for American assistance in solving the problem—and wants more than the advice we have been giving her. The significance of the development as I see it is that ultimately the Jewish National home might be dealt with, not solely by Britain or by Britain and America, but by the United Nations security organization. The Jewish national home has become an international issue.

Certainly the time has come when some concrete action must be taken. If the affair drags on, there will be the danger not only of war in Palestine between the Arabs and the Jews, but neighboring Arabs are threatening to take a hand in support of their brothers.

What looks like another flash of hope is seen in the statement issued by Musa Bey El Alami, Palestine Arab delegate to the powerful Pan-Arab league. He says

HITLER HAD FEAR THAT POWERS WOULD PROTECT AUSTRIA

RECORDS COMPILED BY GOERING'S AIR MINISTRY COME TO LIGHT

(EDITOR'S NOTE: The following is one of a series of stories on the Anschluss of Austria, as told in the recorded secret telephone conversations of Nazi officials recovered from the ruins of Berlin.)

By DANIEL DE LUCE

Copyright, 1945, By The Associated Press

BERLIN, Nov. 5.—(AP)—Adolf Hitler knew in 1938 that he would be in a "frightful" military position should the other powers protect Austria, and he eagerly rewarded Mussolini's submission to the Anschluss with a pledge that he would "never forget" the Duce's magnanimity.

Hitler's fears of foreign intervention are revealed in records compiled by functionaries of Reichsmarshal Hermann Goering's air ministry, who took down every word as Nazi conspirators maneuvered the seizure of Austria over international telephone lines. Their transcripts labelled "secret archives," were tossed into a heap of rubbish in the air ministry courtyard when the Red army swept into Berlin.

Two elderly Germans retrieved the records and loaded them into my jeep in return for two cigarettes. Translate and condensed, they give the first inside account of Germany's role in the Austrian seizure on March 12 1938.

This record discloses that Prince Philip of Hesse, now in Allied custoday, was the go-between in German and Italian negotiations. The prince was the husband of Princess Mafalda of Italy, who died in an Allied bombing of Buchenwald.

ANOTHER WITNESS LAYS BLAME UPON GENERAL YAMASHITA

MANILA, Nov. 5.—(AP)—A Filipino testified today he heard Japanese Lt. Gen. Tomoyuki Yamashita angrily refuse to revoke an order to "kill all Filipinos and destroy all their cities."

He was Joaquin Galang, second witness brought from protective custody as a suspected collaborator, at the war crimes trial of the erstwhile "Tiger of Malaya."

The first was Narciaco Lapus, who admitted freely that he was friendly with the Japanese invaders when directly accused Yamashita of having ordered the islands "rid of Filipinos before the Americans return."

Galang testified that Yamashita showed great anger when Gen. Artemo Ricarte Filipino politico-militarist, beseeched the Nipponese commander in the Philippines: "I take this time to ask you again to revoke your general order to kill all Filipinos and destroy all their cities."

Yamashita rose, Galang said clenched his hands and shouted angrily: "An order is an order! It is my order and because of thit at should not be disobeyed! It should be followed—happen what may happen!"

MANAGEMENT-LABOR TOLD DIFFERENCES MUST BE COMPOSED

PRESIDENT SAYS STRIKES AND LOCKOUTS MUST NOT CHECK RECONVERSION

WASHINGTON, Nov. 5.—(AP)—President Truman put the national labor-management conference on notice today that if it fails to find remedies for industrial strife, the people "will find them some place else."

Strikes and lockouts "cannot be allowed" to check the nation's climp toward high civilian production, Mr. Truman told the top men of business and labor.

Shortly afterward, Secretary of Commerce Wallace tossed the controversial wage-price question into the meeting—which already was divided on the questaion of debating it.

"If wages are not increased, prices will undoubtedly be forced down," Wallace said in an address prepared for delivery. Profits too, he said, would be endangered, and business would risk incurring "public disfavor."

Says Public Worried.

Appearing before the 36th management and labor delegates at their opening session, Mr. Truman said a worried public expected them to find "a broad and permanent foundation for industrial peace and progress," without government control.

White-collar pickets who stationed themselves before the labor department auditorium—to protest the absence of independent unions from the conefrence—withdrew to let the Presidnt enter without accident.

Mr. Truman made three broad proposals to remedy industrial ills:

First — Open-minded collective bargaining, conducted with "a firm resolve to reach an agreement fairly."

Second—If bargaining fails, the use of impartial machinery to reach settlements "on the basis of proven facts and realities."

Third—"Responsibility and integrity" on both sides in living up to agreements once made.

Lewis Braves Picket Line

John L. Lewis walked htrough the picket line to reach the conference table, but labor's other two big names—Presidents William Green of AFL and Philip Murray of CIO—went through a side door.

One of the dozen placard men and women who seek a seat in the proceedings bore a sign: "undemocratic labor-management conference being held here." Lewis, head of the United Mine Workers, talked briefly with a picket, then proceeded.

Eighteen top flight industrialists and as many leaders of organized workers were in the spacious auditorium. Also present were al-

COMMUNITY CHEST CITY-WIDE CANVASS TO START TUESDAY

KICK-OFF BREAKFAST SCHEDULED FOR 8 A. M. AT NAVARRO HOTEL

Fred H. Harvey, Jr., and Rev. Matthew H. Arnold, pastor of the Third Avenue Presbyterian Church, will be the principal speakers at a kick-off breakfast launching the Corsicana Community Chest-War-Fund drive Tuesday morning, Sydney Marks, president, announced Monday.

General solicitation workers including committees of men and women who will contact business men and housewives throughout the city in an extensive campaign Tuesday will attend the kick-off breakfast scheduled for 8:00 a. m. at the Navarro hotel.

Mr. Harvey will represent the Community Chest, and Rev. Arnold will speak in behalf of the War Fund, Marks stated.

To Raise $50,000

Tuesday's campaign will mark the beginning of an all-out drive to raise the $50.000 goal set for the Community Chest and War Fund, $35,000 of which is designated for the Community Chest to be dispursed to local agencies, and $15,000 of which will go to the War Fund.

E. C. Mueller, executive secretary. Community Chest, in speaking of the impending drive emphasizes the importance of an understanding among local citizens of the benefits to be derived locally from contributions to the combined funds. Listed to benefit from the

Rittersbachers Resign Positions At American Well

J. E. Rittersbacher, plant manager, and Edgar Rittersbacher, special sales representative, American Well and Prospecting Co., subsidiary of the Bethlehem Steel Corporation, announced their resignations Monday, effective December 1.

I. C. Smith, formerly of Bethlehem, Pa., will fill the vacancy of plant manager, and has arrived in Corsicana.

J. E. Rittersbacher has been connected with the American Well for the past 25 years and Edgar has been identified with the company 23 years.

The American Well and Prospecting Company was established in Corsicana by Johnston, Aiken and Rittersbacher in 1894. In July, 1944, the plant was sold to the Bethlehem Corporation by the Rittersbacher and Johnston families, sole owners, for a consideration in excess of one million dollars.

During the war the plant was occupied with war contracts, manufacturing shell casings and other munitions When the war ended the plant was quickly reconverted to the manufacture of oil well machinery.

Edgar Rittersbacher will continue to make his home in Corsicana. J. E. Rittersbacher said that his future plans are indefinite.

JUDGE WITNESSED DRESS REHEARSAL NUERNBERG TRIAL

NUERNBERG, Germany. Nov. 5—(AP)—Supreme Court Justice Robert Jackson witnessed a dress rehearsal for the Nuernberg trial of Germany's war criminals today.

Accompanied by his executive officer, Col. Robert J. Gill, the chief U. S. prosecutor inspected the trial room in the Palace of Justice and heard stand-ins for judges, attorneys and witnesses go through a prepared script before microphones.

The mock trial was the of several scheduled to make sure there are no kinks in the elaborat mechanical systm by which the proceedings will be conducted in four langunges.

Seventeen members of the United Nations hav approved the charter establishing the International military tribunal that will try the chief Nazis.

The United States will be ready to proceed with the trial on schedule on Nov. 20, but the opening may be delaped beyond that date by defense requests for additional tim to prepare, Jackson said.

POWER OF WOMEN

Launched on the globe is another force potentially as revolutionary as the atomic bomb for good or for evil. Possibly more so, for this power can control the bomb itself. It is the ballot in the hands of the world's women. MacArthur opened the polls of Japan to its women. De Gaulle saw to it that his countrywomen voted in France's recent important election. Italian women are about to taste the franchise. Added to these radical developments is the startling declaration of Pope Pius XII that "women have the strict obligation to enter public life, at least as far as voting is concerned." The pontiff stresses the obligation as that of Catholic women, but the consequences will transcend such limitation.

Women will vote not as Catholics, not as French or Italian or Japanese nationals. They will not even vote as women, but as world citizens. With the ballot in their hands their voices will be listened to in world problems of which war is the worst. Women can stop wars. Lysistrata, who led her Greek sisters so long ago in a futile rebellion against battles, is vindicated at last.

Beyond all this, women can make peace pay. The world's creators of life, for ages its greatest consumers of goods, women have been an unorganized, inarticulate minority. This unique thing, dawning world democracy, is giving them a chance. Woe be unto them if they remain merely daughters of Eve, playing in the garden. They have a stern duty---to make the world a fit place for the young they bear.

SAFEGUARDING OUR OWN

An argument for feeding the Germans with which Americans will find it difficult to disagree comes from Gen. Dwight D. Eisenhower. He says that the health of the Reich is undermined by malnutrition to the point where disease this winter may become so widespread as to endanger United States occupation forces. He estimates that 1,250,000 tons of wheat must be imported at once to raise the daily ration to a level approaching minimum safety. The present intake is close to starvation, the general says.

This is the most difficult winter of all from the point of view of food, clothing and shelter By the autumn of 1946 even the peoples which need most help to get through this year will need much less. Some will need none.

Americans may not enjoy feeding Germans, but Americans are not the kind of people who starve enemies. Undoubtedly the necessary wheat will be forthcoming.

HUMAN PROGRESS

This is, to be sure, a very wonderful period of human history, when scientific discovery has so greatly enlarged the scope of human knowledge and our scientists ever seem to be mastering the inmost secrets of the universe. Yet most people are beginning to ask what good it does us. And so we seem to be coming around to the old-fashioned tests of whether we are really better and wiser people, getting more out of life than our ancestors, or whether we are just fooling ourselves.

Certainly we don't seem to be much better off essentially, in our minds and hearts and souls, than we were before we achieved miracles of scientific progress. Probably most of us, if we were to study ourselves and get better acquainted with our own souls, would admit that we are disillusioned and somewhat frightened by our boasted "progress." And maybe the most revealing thing we can say about ourselves and our outlook is to repeat an old saying that we used to think was very smart: "We don't know where we're going, but we're on our way."

It is a good time for men and nations to pull themselves out of this attitude, get a better grip on basic realities, and put more stress on human cooperation.

THE SMALL TOWN

Small towns and villages are the foundation and buttress of the nation, the medium for the fullest life of its citizens. The future of the United States depends on them Arthur E. Morgan, former Tennessee Valley Authority chairman, expresses these views in his recent book, "The Small Community."

In the present era with its myriad opportunities for fresh starts and new aims, the small town offers a wide range of economic calling as well as cultural advantages for the entire family. A large part of American industry can thrive best in small communities. The trend of manufacturing already is away from cities. A little place can realize individual growth along artistic lines and the development of hobbies, skills, civic-mindedness and leadership. In other words a small town permits wide sharing of mutual interests which would be stifled in a city.

For too long the drift of clever young people to the cities has skimmed the cream from villages. Youth can be kept in the home town by local planning that will afford attractive openings for work, education and recreation. The town, its citizens and the nation will beefit.

KU KLUXING

Reading of a resurrection of the Ku Klux Klan again, with a strength of 20,000 members in Georgia, and hilltops blazing with fiery crosses that show for 60 miles, a normal American in any state of the Union feels like uttering Artemus Ward's favorite exclamation: "This is tu mutch!"

We don't need any fiery crosses in this country, or any other queer doings at night, or equally queer insignia toted around on or inside of ordinary weskits, whether in the north, south, east or west. If any ex-clusive outfit wants to transfer its weird operations and grand dragons and intolerance to the stratosphere, there may be no particular objections.

The type with which Hitler's "Mein Kampf" was printed has been melted to use in printing Munich's first democratic newspaper in 12 years. If everything else that was Nazi coud only be made to vanish as easily!

Yes, it's a small world, but a lot of the people in it still feel very big.

FRIENDLY LITTLE GAME

STRIKES

CONTINUED FROM FIRST PAGE

Terminals from El Paso to Memphis were closed.

The main issue in the dispute is a reduction of take-home pay because of reduced schedules. The company formally announced today that it would be happy to increase mileage rates retroactive to Oct. 1 if the union would agree in a contract.

The strikers are members of the Amalgamated Street, Railway and Motor Coach Employees of America (AFL). Negotiations between the company and union, with the U. S. Conciliation Service, were cancelled on Oct. 31 because of the inability of an International Union representative t oattend the meeting. They were to have been resumed Thursday.

Although servicemen and recently dishcharged veterans by the score were being delayed in Dallas and other points throughout Texas, Eighth Service Comamnd headquarters here said it would not become involved as a peace-maker. Col. William H. Nelson, engineers corps, labor advisor to the army service forces in Washington, explained that the command did not have contractural interest in the work stoppage.

Four major schedules out of Dallas with final destinations El Paso San Antonio, Memphis and Tulsa were cancelled completely, Joe Evans, district superintendent for Greyhound here, said.

Approximately 165 busses on routes from San Antonio to Houston, Dallas, Fort Worth, Laredo and Corpus Christi were affected.

Total 295 Drivers.

A total of 295 drivers were off their jobs at Fort Worth, Dallas, San Antonio and Houston.

B. C. Mills, superintendent at the Dallas Union Terminal, said that the strike had thrown heavy business to other lines, which cover virtually the same areas, although they may not make the same stops.

A meeting was to be held this morning with C. K. Wilson of the Union local, together with a group of the striking drivers, and W. F. Steele, national representative of the union.

In an interview, Steele said he did not know what progress could be made, nor how soon, but that he was "here to be of all help possible."

Surprise Reduction.

H. M. Moster, chairman of the union sub-local, charged Saturday that the company had surprised the workers with 15 per cent wage reductions in pay-checks received on Nov. 1.

In answer to the charge, the company today released a letter signed by P. W. Tibbetts, president, Fort Worth. Tibbetts explained that mileage rates and a "slow-down" bonus because of the ODT 35-mile-per-hour speed limit were made a part of the contract with the union by order of the National War Labor Board. Because the slowdown schedule was revoked Oct. 1. Tibbetts said the company no longer was obligated under WLB ruling to pay the 15 per cent bonus, but it offered to increase wages.

At Houston

In Houston, military authorities and city police persuaded Greyhound officials to return baggage and parcels of stranded customers, after first refusing to do so. One WAC at Houston, with tears in her eyes, complained that she had spent most of her money on a ticket.

A bus load of soldiers destined for Camp Wolters were told in Fort Worth of the strike. They debated on telephoning the camp to ask for army trucks for transportation, lest they be AWOL.

Wounded Servicemen Stranded.

A number of wounded servicemen were stranded by the walkout in Dallas. The bus terminal there was filled with travelers when the strike began.

El Paso reported the probability of a thousand or more travelers being temporarily stranded in that important east-west terminal. No busses left El Paso over the Greyhound routes north and east before midnight, drivers reported.

Officials of the International Amalgamated Electric Railway, Street and Motor Coach Operators Union of America (AFL) said the strike is aimed at obtaining pay increases to offset loss of extra pay due to cancellation of the Office of Defense Transportation 25-mile per hour speed limit.

Drivers had been receiving a 15 per cent bonus during the period of the speed limit.

Steelworkers to Vote

HOUSTON, Nov. 5.—(AP)—C.I.O. District Director Frank A. Hardesty urged Houston's estimated 15,000 steel workers to vote Nov. 28 in favor of a strike for a 25 cents an hour increase in pay.

Hardesty asked the workers to favor the strike at a special meeting held here yesterady.

occupation began—and the first in Japan in 15 years—were the sit-down by Chinese and Korean slave laborers in frigid, coal-rich Hokkaido island.

Tension Eased.

Tensenss between the former slaves and the Japanese on the northernmost of the home islands has been eased however by American insistence on fair treatment by both sides and improvement of the Chinese-Korean position, Sgt. John Cowden reported in a feature article in the army newspaper, Stars and Stripes.

The Tokyo press reported the forthcoming extraordinary diet session in December would last about 10 days, and would approve revision of election laws, ratification of the abolition of the wartime public peace and order maintenance law, and other repressive measures ordered abolished by General MacArthur.

In a final checkup on the pre-surrender Japanese army, American intelligence reported it had definitely been ascertained that only three first-class divisions would have been available for defense of the empire had Nippon held out and forced invasion.

invaded our liberated areas in North China, opened fire on us, arrested some of our army personnel and disarmed some of our troops."

Other accusations from communist sources included allegations that:

1. The United States Navy had demanded communists evacuate the North Shantung port of Chefoo.

2. American Marines were collaborating with central government forces. Japanese and puppet troops, in attacks on liberated areas.

Competent American quarters here scoffed at the allegations of armed action by United States Marines against the Reds.

The Daily News dispatch from Yenan said that when Americans Marines first landed at Chinwantago, the communists sent representatives to contact them, but "they were fired upon and had to reply," the dispatch said. adding the communists withdrew after an hour of hostilities.

Seek to Negotiate

After the Marines had occupied Chinwangtao and the nearby town of Haipang, the dispatch said, the communists, who were not informed of the Americans' intentions and considering China's "territorial rights involved" sent six representatives to negotiate with them.

The Americans arrested the negotiators without explanation and before releasing them, asserted the news, "threatened that the communists would be dealt with by the American fleet and Marines."

The dispatch also charged that:

1. October 18 a detachment of 30 American and Chinese police arrested five members of the staff of the communist office in the former British concession in Tientsin.

Lealets Dropped

2. 10 American planes from Nanyuan airfield in the suburbs of Peiping flew over the communist-held town of Kuan on Oct. 21 and dropped leaflets warning the communists to withdraw in three days.

3. Later the same day 14 American planes strafed Kuan while a mass meeting was being held.

Earlier, in a dispatch from one of its correspondents, the communist paper had charged the Marines with "positively" participating in armed intervention in China's undeclared civil war.

"American Marines at Chinwangtao in cooperation with Kuomintang troops attacked communist-liberated areas for days," it said.

Around 70,000 U. S. Marines have been stationed in the Tientsin-Peiping area of North China to aid nationalists forces of Generalissimo Chiang Kai-Shek in disarming Japanese forces, and in policing until Chiang can move in reinforcements.

American officials have emphasized that the Marines have been ordered to stand clear of China's civil strife and take no sides.

Official reports reaching Chungking today said 10,000 Chinese communists were attacking nationalists in the suburbs of Kweisui, capital of Suiyuan province in inner Mongolia.

A government spokesman claimed, however, that Kweisui was "fortunately" still is in the hands of the defenders.

He said that Tatung, northern Shensi province junction town on the Tatung-Puchow and Peiping-Suiyan railroads, still was in Kuomintang hands, but admitted the situation was "grave" at both places.

The official central news agency asserted that communist forces "have been on the offensive since the middle of October" and admitted the loss by Kuomintang forces of several towns, including Tsaoyang, about 145 miles northwest of Hankow.

Several communist columns, including one more than 15,000 strong are engaged in the 'widespread offensive action."

Chaplain Tom Steely, who has been stationed in McCook, Neb., and wife, Mr. and Mrs. Bob Colburn of Dallas were recent visitors in the H. G. Brown home.

Our Matchless Christ still loves sinful men. He loves far more dearly than earthly parents because his capacity is far greater. Furthermore having once been a man, having lived upon earth in a fleshly body like yours and mine for more than 33 years and having been tempted in all points like as we are, he knows exactly how to sympathize with us when we are tempted. He knows exactly how to prepare a heaven enjoyable to those who earnestly and sincerely desire to go there.

He loved the apostle Peter even though he denied his Lord. He loved the rich young ruler even when he "went away" from the Master. He loved even that murderous and hateful mob that clamored for his blood.

He is worthy of all our souls adoration. We are paying a poor return to Him when we love Him with "all our heart" He solemnly pledges that any man that gives up houses and lands and other temporary possessions for his sake and the gospel's sake shall receive a hundredfold in this life with persecutions, and in the world to come, etrenal life.

Hand lawn mowers will return to retail stores at approximately the same general level of prices that prevailed during March, 1942.

During the war, manufacturers of lawn mowers produced war materials. No hand lawn mowers were manufactured from June, 1942, until the latter part of 1944, when a few were assembled to meet essential requirements.

Now that war production controls hav been removed, manufacturers are beginning again to produce hand lawn mowers. By the time the grass cutting season arrives, it is expected that there will be a substantial number of hand lawn mowers to meet consumers needs. This action establishes adjusted prices for wholesalers and a price increase factor for manufacturers.

Army Enlistments Increasing Daily

Community Chest funds are ten local agencies, Mueller said, including the Boy Scouts, Camp Fire Girls, the Corsicana Nursery School Crippled Children's Association, Colored Community Chest, Free Food Fund, Salvation Army, United Charities, Y. M. C. A. and T. S. G. (Local).

Have Part In Work

"Contributors will have a part in the work of all these worthwhile agencies," the executive secrtary declared. He called attention to the importance of filling out donor cards properly and requested that local citizens take special care to complete the information listed on the cards.

Though a considerable amount has already been contributed by local citizens during the advance gifts drive already in progress, final victory in the drive will rest on the contributions of smaller givers, leaders in the drive emphasized.

Besides the immense benefit to th local agencies, contributors will have an opportunity to have a part in the War Fund which will contribute to the needy in all parts of the world.

Women Will Help

Committees of women, organized under the chairmanship of Mrs. A. B. Horn, assisted by Mrs. W. H. Hastings and Mrs. Kirke Steele will cover the residential district Tuesday.

The men workers will start the campaign in the downtown section immediately following the kick-off breakfast.

Community Chest and War Fund officials urged the cooperation of the citizens of the city in making the drive a success, for, though off to a good start already, they stated: "We still have a big job to do".

Polio Emergency Volunteers To Be Given Training

Training of Polio Emergency Volunteers for active service in infantile paralysis epidemics will be extended to nearly all the 48 states in 1946 and the present enrollment of 2,000 will be doubled, Basil O'Connor, President of The National Foundation for Infantile Paralysis, announced recently.

PEV's, men and women recruited from every walk of life, and trained under professional supervision to assist physicians, nurses and physical thereapists in polio emergencies, are already at work in 74 communities in 31 states.

Plans for the 1946 PEV program call for organization on a statewide basis in several states and the training of units in New York City, Washington, D. C., Denver, New Haven and several New Jersey communities. Utah, as present, has the only state-wide unit.

PEV Training.

PEV training is a year-'round activity of the National Foundation's women's division, which cooperates with local and state health authorities in establishing PEV courses.

Volunteers, borrowing time from household chores, office jobs and leisure, learn how to feed and dress polio patients, cut wool for hot packs and handle many routine mechanical tasks connected with the costly and prolonged treatment of infantile paralysis in hospital and home.

Through their work, they release skilled physical therapists for other duties and enable the latter to devote more professional care to polio sufferers. There is an urgent need for physical therapists throughout the nation, Mr. O'Connor said, and PEV's play an essential role in situations created by the shortage of qualified professionals.

Utah Example.

When polio struck suddenly in Utah least July, 150 women and all of 29 counties were recruited for training in a Morman recreational center near Salt Lake City. In seven days of intensive study, they completed a PEV training course and 50 of them went to work immediately afterward in hard-pressed hospitals.

Ohers returned to their homes to counsel their communities in preparation for polio epidemics and to assist mothers in home care of children returned fom hospitals. These "home guards" in the war on polio won praise from whole communities.

PEVs in Seattle, Baltimore and Bridgeport, Conn., were similarly recognized for outstanding work during outbeaks of infantile paralysis last summer.

All activities of the National Foundation, including the PEV program, are financed by contributions to the annual March of Dimes, which will be conducted January 14-31 nationwide.

Half of all contributions in this annual appeal remains in local communities to provide continuing care and treatment for needy polio patients. The other half goes to the National Foundation for research, education and emergency aid in epidemics.

ADDITION OF NEW EQUIPMENT COUNTY HOSPITAL REPORTED

Addition of new equipment was reported at the meeting of the Navarro county hospital board Sunday at 2 p. m. at the P. and S. Hospital. A fracture table, microscope, stoves and chairs have been received and put into use during the past month. The cost of the new equipment amounted to $582.10. A new drinking fountain, along with additional equipment, is expected to be received later. Figures will be secured on repairs and renovations to be submitted to the commissioners' court.

Collections for October amounted to $5,213.86, while expenses were listed at $4,070.70. There were 143 patients admitted, including four charity, and 23 for emergency treatment and not admitted to the hospital.

Hospital charity was $188.23, while the charity services of physicians was listed at $260. There were 36 deliveries during the month.

The securing of cost figures of providing isolation wards was authorized and negro accompodations and other needs came in for discussion.

L. M. Seale, Kerens, county commissioner, was a visitor.

FIRST METHODISTS WELCOME MINISTER WHO WAS RETURNED

A demonstration of welcome was given Rev. Erwin F. Bohmfalk by the large congregation present as he entered his pulpit at the morning hour at the First Methodist church. The pastor called attention to the fact that Sunday, the start of the new Conference year, was also the start of the period of Evangelism in the entire church as the second phase of the Crusade for Christ now under way by the church.

The first year, or the past year was utilized as the financial part of the program when a total of $27,000,000 was raised on a quota of $25,000,000 for this purpose. This year the goal is for 1,000,000 new members in the church. The First Church has set as its goal 200 new members.

The pastor called attention to the magnitude of this program and called for the undivided help of the membership to attain this goal.

At night the pastor stated that in order to attract more men to the program of the church that he would organize a Male chorus and start a Dinner Club in the church. The choir brought special music at both hours. The pastor's subjects were, at the morning hour, "The Church's Function ni the Modern World." He said this was the first of three special sermons on this subject.

At the night hour the subject was "An Ambassador in Chains." The speaker related the many chains that kept church members and Christians from doing their full duty by the church. In the soft glow of lowered lights an altar service was held at the night hour with practically the entire congregation kneeling at the altar for prayer.

The speaker stated that the church's mission was to save souls and he rededicated his life for this purpose during this year.

Church school was held in all departments. The annual conference report was given in the Adult department by Boyce Martin, who was a delegate from this church to the conference. Guy M. Gibson taught the Brotherhood class; Glen Thompson taught the Young Men's Class. "My Neighbor is my brother," was the subject at the Youth Fellowship meeting. Mrs. Erwin F. Bohmfalk taught the young peoples' department.

Boy Scouts meet tonight; a tea for the Camp Fire Girls will be held Tuesday night; choir rehearsal Thursday night; Scouters training period Thursday night.

COURAGE OF YORKS PULLS PRISONER OF JAPANESE THROUGH

NASHVILLE, Tenn., Nov. 5—(AP)—A story of courage spurred by the records of Tennessee's Alvin C. York was told here when a returned army officr relayed a message from far-off Calcutta, India to the World War 1 hero.

The officer, Maj. J. L. Malcolm Morris of Hohenwald, Tenn., said that York's cousin. Tim C. York of Tyler, Tex., had spent three and one-half years in a Japanese prison camp, "living on little more than the inspiration of his famous relative's courage."

"I saw the boy in Calcutta after he had been liberated from the prison camp, said Morris "and he asked me to tell his cousin "howdy" when I got back to Tennessee.

"Young York had been living in a work camp in the Mulayan jungle and looked as though he had been starved nearly to death,' Morris continued. "He brightened up, though, when he found I'd met his idol, and told me and his family pride had kept him going."

TOKYO—(AP)—When the Japanese open a new dance hall, it's strictly like launching a battleship. They do everything but crack a bottle of champaigne over the prow of the one of their "two yen a dance" girls.

The latest venture in the Nipponese campaign to get the American soldier to pay Japan's war debt is a colossal dance hall in the basement of a bombed-out department store on the famous Ginza.

This oasis on the Ginza is the "Willow Run" of the world's dancehalls—with 2,000 Japanese girl dancers ready to jitterbug or foxtrot with any American G. I.—and it is aimed specifically at pulling yen out of G. I. pockets.

It promises to be one of the most popular entertainment spots in the Japanese capital for occupation troops. Japanese-conceived and Japanese-financed, it originated with a group of businessmen who formed a "recreation and amusement association" to develop the project.

They sank more than $100,000 in remodeling the huge, concrete-walled department store basement. The 2,000 dancing partners have been given English lessons and taught at least the rudiments of American style dancing.

Because of the possibility of disturbances, no Japanese men patrons will be allowed. It will be solely a dance hall for the Yank soldier. For two yen—about 14 cents—he can have a three-minute dance with any girl of his choosing, and a big bar will serve him a large mug of Japanese beer for six yen—about 40 cents. There will be no hard liquor.

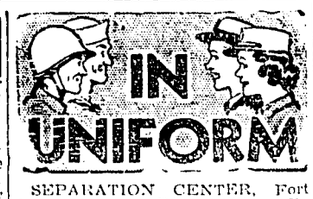

Major Domo for the financial interests involved is spry, elderly little M. Kanechiko—generally known as "Little Tokyo," who in his gray, race-track-checked suit looks like a character from a Damon Runyon story.

The girls made a big hit with American soliiers at the formal opening.

CHURCH OF CHRIST REVIVAL ATTRACTS LARGE AUDIENCES

The opening services of the gospel meeting at the Fifth Avenue Church of Christ were well attended Sunday. The Bible school attendance was 251, the largest since December 12, 1943.

Trine Starnes, evangelist of Paducah, Kentucky, is doing the Preaching and Frank J. Dunn, local minister is conducting the congregational singing in the revival. Services will be conducted throughout this week at 10 a. m. and 7:30 p. m.

Rev. Starnes used as his sermon topic yesterday morning "The Baptism of Jesus," and last night, "And He Preached Jesus." In discussing the latter he stated that in order to preach Jesus, we must present the facts of the gospel, the commands of the gospel and the promises of the gospel. The facts of the gospel include the life, ministry, death, burial resurrection, ascension and glorification of Christ. The commands of the gospel include faith, repentence, confession of Christ, and baptism for remission of sins. The promises of the gospel include the remission of sins and the hope of eternal life.

The public is cordially invited to all services during the meeting.

Exhibit Of War Trophies Opened In City Monday

The official traveling unit of the Military Order of the Purple Heart now on a nationwide tour, opened a four day engagement here at 11 a. m. Monday. The tent housing the display is located at the corner of West Sixth Avenue and Twelfth street, near the postoffice. The exhibit is open each day until 11 p. m. and will be here through Thursday.

This tour is being made so that plans for rehabilitation and welfare work in hospitals all over the world can be carried out, according to Frank J. Lee of San Antonio. "Some armless, legless as well as other maimed and wounded men will never be able to leave the hospitals and it is the aim of this group of men who have spilled their blood to uphold American principles to always take care of their buddies who cannot help themselves," Lee said in explaining the object of the organization

There is no admission charge, but a free will offering will be taken.

Lee pointed out that this is the greatest collection of war trophies in the country at this time and urged the citizens of Corsicana and Navarro county to take advantage of this opportunity to get a close-up view of the horrors of war and at the same time help a most worthy cause. Included in the exhibition will be found a number of official and life-size pictures of enemy atrocities, most of them as yet unpublished, Lee pointed out.

Nat D. Rogers is the director of the exhibit.

The Rice Tilleys Of Fort Worth, In Trip To Guatemala

An item by Edith Alderman Guedry in a recent issue of the Fort Worth Press told of an unusual trip into isolated areas of Guatemala that was taken by Rice Tilley of Fort Worth, former resident of Corsicana, and his wife during the past several weeks.

The item read: "The Rice Tilleys are back from a flight into Guatemala that took them from the highlands into the isolated Mayan ruins at Quirigua and finally into the tropical regions of Puerto Barrios. They flew by way of Mexico City and from there on to Guatemala City.

"In Guatemala City, they were guests at the home of Ambassador and Mrs. E. J. Kyle. Mrs. Tilley tells of the white nun orchids which Mrs. Kyle had growing in pots in her Spanish patio. You could look into the heart of the exquisite white orchid and there stood a growing stem that looked exactly like a kneeling white nun.

Flew Over Mountains

"The Tilleys flew from Guatemala City to Coban in north Guatemala. Over the mountains by plane, the trip requires only 45 minutes but through the mountains by motor it requires hours.

"At Coban they visited coffee fincas (ranches), also banana, orange, lemon and grape plantations. From Coban they took a bus trip down the mountains, dropping from 5,000 to 300 feet. As they crossed over the Continental Divide they saw the source of the Polochic River.

Cross Lake in Launch

"Thep took the train from there and traveled on a launch on the Polochic River to Lake Isabel. a picture lake in the mountains. They crossed Lake Isabel until it narrowed in the Golfete Dulce. They traveled the full length of that to the Gulf of Honduras.

"Of that extensive trip they talk most about the scenes along the Polochic, the monkeys in the trees, the pelicans and cranes flying ahead of the launch, the alligators and crocodiles on the banks and the jungle growth all along the way. There were banana, cocoanut, date and palm trees, all brilliantly loaded with fruit.

Visited Mayan Ruins

"The Tilleys spent a night at Puerto Barrios, United Fruit port and there boarded a narrow gauge rail line that took them to Quirigua, three and a half hours away. At Quirigua they walked through the Mayan ruins that date back to 357 A. D The Mayan civilization there was older than that found on the Yucatan Peninsula.

"While the Tilleys were guests at Quirigua, the natives climbed into trees and brought out cocoanuts, also fruit from the bread fruit trees. The Tilleys had them for breakfast and say they tasted like French fried potatoes.

"Mrs. Tilley brought back several curios, none of which she values more highly than a Coban wedding chain, which she wraps about her neck four times.

"Mr. Tilley went into the tropical lands to get a rest from his hay fever. And for five weeks he forgot that he had ever had it."

Mesdames Tom and Ernest Hooser of Frost were in Corsicana on Saturday afternoon to attend the County Council, PTA meeting at Kinsloe House.

MISS MARGARET LOWRY HEARD IN MUSICAL DISCUSSIONS BY COUNTY COUNCIL PTA SATURDAY

Music will make better people and better people will make a better world," Miss Margaret Lowry told members of the County Council of Parent-Teacher Associations, who assembled at Kinsloe House on Saturday afternoon at 2 o'clock with Miss Alma Armstrong as program chairman and Mrs. Ernest Hooser of Frost, president, in charge of the meeting.

In her apotheosis to music and its importance in building a better family life for the future, Miss Lowry made first-hand observations from personal experiences, having been widely acclaimed as a teacher of music appreciation. During the past four years, she has been a member of the faculty of Teachers' College at Columbia University, New York City. At the present time, she is spending the winter in Corsicana while revising the music section of the Junior Encyclopedia.

Admonitions and observations gleaned at random from Miss Lowry's discussion of "How Music Helps the Family Build the Future," were stimulating ,inspiring and challenging and include the following:

Mothers Urged to Sing.

Mothers were urged to SING, SING, SING to their children as their musical education may be begun by the mother's crooning of the lullaby or the humming of simple melodies....Happy is the child who sings at his play, who sings all his conversations with imaginary characters in the land of make believe....Parents were urged to have musical instruments in the home in order to increase a child's desire to play them....A child's interest and curiosity may be aroused through the presence of a piano, harp, an ocarina or any kind of musical instrument in the home.

Children respond naturally to rhythm, and rhythmic development was described by the speaker as a prerequisite to all musical understanding and expression ....A child must first learn to walk, run, hop, skip or jump to music....Imitation of the movement of some familiar object pleases a child and serves as a means of developing rhythmic ideas, but adults must direct and suggest....Descriptive music appeals to children, and among those given as illustrations were "The Erl King" by Schubert, "In a "Three-Horse Sleigh" by Tschaikowsky, "William Tell' by Rossini, "The Clock Symphony" by Haydn, "The Moldau" by Smetana, "The Volga Boatman," a Russian folksong, and others.

Mother Goose Rhymes.

Mother Goose Rhymes should be a "must" in every child's life ....Sacred Harp songs (early religious songs) were recommended as superior to modern evangelistic songs....Biographies of musical composers were recommended for boys and girls....Folk music of all nations will open worldwide vistas for youth.

To say that one is going to take up music is just as absurd, the speaker reminded her listeners, as to say that one is going to take up living....Life itself is music....There is no such thing as an unmusical child, that is if he has all his faculties, and the speaker urged parents to refrain from telling their children that they are not musically talented.

In Every Phase of Life.

Music should be intrically interwoven with every phase of a child's life and activity, since music opens the way to a magic realm that will not fade with youth but will persist through life with ever-increasing joy and meaning.....Music was recommended as a stabilizer, as a goodwill ambassador....Music is found in all things, the speaker stated ....It may be heard in the roar of the airplane, the chug of an engine, the tick of a watch, the patter of rain, the rushing sound of the river, or in the galloping of a horse....In conclusion, the speaker declared that music will make better people and better people will make a better world.

The speaker was introduced by Mrs. Wilbur Wright, who spoke in glowing terms of Miss Lowry's many accomplishments in the world of music--as author, program lecturer and teacher, and stated that Corsicanans are proud to call her their very own.

Business Meeting.

Mrs. Ernest Hooser of Frost called the meeting to order and presided for a preliminary business session. Mrs. G. E. Ramsey, Sr., of Blooming Grove read minutes of the last meeting and called the roll.

Reports by the life membership, radio and publications committees were presented, and Mrs. J. K. Bradley of Rice, president of the Twelfth District, PTA, urged all present to attend the San Antonio state convention next week.

The illness of Mrs. Newt Middlebrook, who is a patient at the Navarro Clinic was reported and the Council members voted to send cards of sympathy and best wishes for a speedy recovery.

The First Baptist church was the scene Saturday evening of the marriage of Miss Norma Jo White, daughter of Mr. and Mrs. C. W. White, and George Murray Eubanks, Jr., son of Mrs. George Eubanks of Dallas.

Rev. M. O. Cheek of Waco performed the double ring ceremony before an altar banked with ferns and accented with arrangements of chrysanthemums and cosma in floor baskets. White candles burned in tall bronze candelabra. The wedding music was provided by Mrs. Whit Scarbrough, violinist; Mrs. Billy White, pianist, and Pfc. Terry Sanders, vocalist.

The bride, given in marriage by her father, wore a blue gabardine suit with brown accessories, and carried a white satin Bible topped with a white orchid.

Miss Jane Carmichael, bridesmaid, was dressed in a brown suit with matching accessories and corsage of bronze mums.

W. E. Bonham of McKinney attended the bridegroom as best man, and Billy White of Bryan, brother of the bride, and Dan Eubanks of Dallas, brother of the bridegroom, acted as ushers.

Reception Held.

Following the ceremony, a reception was held at the home of the bride's parents.

An all-white color scheme was used in table decorations. The three-tiered wedding cake centered the table and had for its complements an arrangement of white carnations, and white candles burning in silver holders.

Mrs. R. S. Carmichael of Dallas presided at the silver coffee service and Mrs. P. K. Carmichael and Mrs. Billy White served the cake. Miss Mary Carlisle of Farmersville registered guests in the bride's book.

The bride is a graduate of Kerens High school, a former student at Baylor University, and received her degree last February from NTSTC, Denton. Since her graduation she has been employed in the accounting department of the Katy Railroad in Dallas.

Mr. Eubanks has recently been discharged from the navy, where he served as chief petty officer for four years in the four theatres of war.

After a short honeymoon spent in Houston, the couple will reside in McKinney, where Mr. Eubanks is engaged in business.

Miss Betty Roberts, daughter of Mr. and Mrs. Falter Roberts, Rice, and Samuel B. Buchanan, CAD 2v, USN, were married Friday evening at 6:30 o'clock in a ceremony performed by Rev. W. D. Harmon at the FIFrst Christian church parsonage.

The bride wore a gold wool suit with black accessories, and her corsage was of white carnations. Miss Doris Finch and W. W. Hedrick were attendants.

The groom is the son of Mrs. Elizabeth A. Buchanan of Corsicana. He formerly attended Texas A. and M. College and plans to resume his studies there upon receiving a discharge from the service.

Mrs. Buchanan is serving as secretary for the Corsicana Community Chest, and will continue her duties here.

Mrs. Grace Seale, Sgt. W.L.Cunningham Were Wed Saturday

Mrs. Grace Seale, Kerens, and S-Sgt. Willis L. Cunningham, Fort Sill, Okla., were married Saturday evening at 8 o'clock at the Methodist church at Malakoff.

Rev. R. D. McKee, pastor of the church, performed the ceremony, which was attended by an intimate group of friends.

The bride wore a gold wool suit with brown accessories. The couple were unattended.

Mrs. Cunningham is a deputy in the Navarro county clerk's office. Mr. Cunningham, stationed at Fort Sill, Okla., has recently returned from three years' service in India.

Some Hints About Selecting of Corn For Making Hominy

Hominy-making time is here again and a few hints on selection of corn for hominy will help the home-maker in getting a better product, says Vera Sneed, County Home Demonstration Agent. Since hominy is an economical source of carbohydrate, or energy food and has some protein and a small amount of iron and calcium, it is a popular and valuable addition to the diet.

Corn with large flat kernels is best for hominy making because the broad type requires less time for lyeing. White corn makes a whiter and more attractive hominy, but yellow corn may be used. Surecropper, Chisholm, and White Hybrid are suitable Texas varieties, and Stowell's Evergreen is a good sweet corn for making hominy. Hickory King is used by most commercial canneries making hominy, Miss Sneed states.

Kernels should be uniform in size. That means that butts and tips of ears which are usually off-shape should be left out. New Corn which has dried in the field under normal weather conditions is best. If it is too dry it takes too long to remove hulls and the starchy portion of the kernel is burned by the long lye treatment

Detailed instructions on how to make hominy may be obtained at the office of Miss Vera Sneed, County Home Demonstration Agent.

Dockum Brothers Of Corsicana Enjoyed Reunion In Paris

Lieut. Col. Oscar Leonard Dockum, who has been stationed at Rheims, France, and his brother, Capt. Richard Dockum, who is now stationed in the Azores (off the coast of Portugal) enjoyed a three-day reunion in Paris recently, according to a message received by their mother, Mrs. M. S. Dockum.

Since the reunion, Lieut. Col. Dockum has been transferred to Heidelberg, Germany, where he is connected with industry control of the military government.

Capt. Dockum writes that he visited London recently, and enjoyed the world-famous metropolis. He also stated that he expects to leave the Azores for the states at any time now, which was welcome news to his wife and daughter, Mary Lynn, who are residing in Corsicana during his absence.

Fairfield Church Women In Session

FAIRFIELD, Nov. 2.—(Spl) — The Council of Church Women of Fairfield met at the Presbyterian church Monday afternoon.

Mrs. Roy Reese had charge of the program, introduced Rev. J. V. N. Talmadge, speaker for the afternoon, Mr Talmadge was a misisonary in Korea for 33 years. He told of his work there and experiences while a prisoner of the Japanese in Korea.

Betty Anne Nettle sang a solo and was accompanied by Mrs. Tom Lindley.

Mrs. Lillard Clark made a short talk, and the meeting was closed with prayer.

Tame Persimmons Should Be Saved Through Canning

Large tame persimmons which begin to ripen in early fall are a delicacy, and since the fruit is nearly one-third sugar it should not go to waste. Often, since the birds spoil the ripe fruit, it is wise to gather the persimmons when they are firm and just before they are ripe enough for eating. The fruit may be wrapped in newspaper or tissue paper and stored in a cool dark place, according to Vera Sneed, County Home Demonstration Agent. Persimmons stored at a temperature of 60 to 70 degrees, will keep three or four months Cooler storage keeps them good even longer.

After the fruit ripens it may be canned or frozen. Here is one method for canning tame persimmons, Miss Sneed recommends.

Wash the ripe fruit, remove stem, peel and blemishes. Crush fruit and remove seed. Add 1 tablespoon sugar per cup pulp. Put in top of double boiler and heat until the fruit is simmering. Remove from the fire. Add 1 teaspoon lemon juice to each cup of fruit. Pack into hot jars or "R" enamel cans. Allow 1-2 inch head space in jars and 1-4 inch for cans. Seal according to type of container. Process in a water-bath—pints for 20 minutes, quarts for 25 minutes, cans for 15 minutes.

To freeze the ripe persimmons, prepare the fruit by washing, stemming and peeling as in the canning method, crushing the fruit and removing seed. Add 1 tablespoon sugar per cup of pulp. Add 1 teaspoon lemon juice to each cup of fruit, and stir well. Then pack into air tight containers. Seal and freeze immediately, storing at zero degrees temperature.

Fairfield Couple Wed Last Sunday

FAIRFIELD, Nov. 2.—(Spl.)—Miss Marjorie Tate and Lovie L. Glazener were united in marriage in a double-ring ceremony Sunday October 28, at 9 a. m. at the home of the bride's sister, Mrs. E. J. Lane, with R. J. Coy Williams performing the ceremony.

Mrs. E. J. Lane attended her sister as matron of honor and Harold Glazener, brother of the bridegroom, acted as best man.

Those present at the ceremony were Mr. and Mrs. J. R. Tate, and Miss Nannie Ruth Tate, parents and sister of the bride, Mr. and Mrs. Webb Hughes, Mrs. Ernest Newman, Jr., Misses Kathryn London and June Harris.

Mr. and Mrs. Glazener left immediately after the ceremony for a short trip to West Texas.

Corsicanans To Participate In Dallas Parade

A colorful unit from Corsicana will appear in the parade marking the grand opening of the Greater Pan American Hereford Exposition in Dallas next Friady, November 9, at 3:30 oclock

John W. Carpenter, state parade chairman of the affair, has asked Fred Prince to bring an entire unit from this city.

Prince will head the Corsicana section, to be comprised of horses, buggies, surreys and other vehicles. The parade, which is publicized as the biggest in the history of Texas, will feature a panorama of "old-fashioned" Texas.

Following the parade, partici pants will be invited to attend a barbecue at State Fair Grounds, Prince said.

Among the Exposition officials is R. L. Wheelock of Corsicana, superintendent of cattle. Ted B. Ferguson is chairman of public relations.

Miss Reba Hawthorne returned to North Texas State Teachers College at Denton Wednesday, following several days spent at the home of her parents, Mr. and Mrs. J. B. Hawthorne, where she has been recuperating from a bronchial cold.

BRONZE STAR HAS BEEN AWARDED TO LIEUT. M'DOUGLE

Mr. and Mrs. Calvin McDougle were recent visitors in the home of his foster parents, Mr. and Mrs. Claude Turner, formerly of Corsicana, who now reside at Hawkins, Texas. Calvin has just been released from military service after more than three years in the U. S. Marine Corps. He is back at his alma mater, Rice Institute, in the capacity of assistant director of Physical Education.

While serving in the Marine corps First Lieutenant McDougle was awarded the Bronze Star medal with the following citation: "For meritorious achievement in connection with operations against the enemy while serving as executive officer of an artillery battery...at Iwo Jima on Feb. 24, 1945, when heavy counter-battery fire resulted in a direct hit on one of the howitzer positions, Lt. McDougle kept the battery firing on its assigned target, thus making possible the continuation of much needed fire support. His unusual ability, leadership, initiative and the superb example which he set to his men under fire were of the same high standard demonstrated by him at Tarawa, Saipan and Tinian. Lt. McDougle remined cool and calm under fire and his conduct was at all times in keeping with the highest traditions of the United States Naval Service.—Signed, by Major General H. Schmidt."

CARLETON D. SPEED IS CHIEF GEOLOGIST PLYMOUTH OIL CO.

Carlton D. Speed, Jr., son of Mr. and Mrs. C. D. Speed of Corsicana, recently became superintendent of exploration and chief geologist for Plymouth Oil Co., at Sinton.

A native of Corsicana, Speed organized the Speed Oil Co., in Houston nine years ago, and in 1941 all of the assets of the company were acquired by Speed personally. He is a past president of the Houston Geological Society and has the distinction of having been elected to every elective office within the society.

During World War II, Speed served two years with the Petroleum Administration for War in Washington, D. C. He is an alumnus of Texas A. and M. College, the University of Chicago and of George Washington University.

The elder Speed is the oldest producer of crude oil in Texas, having been a producer in Corsicana iontinuously since 1898.

Headache Is A Symptom

By W. P. BROWN
Of Johnson's Pharmacy

No one ever has "just a headache." Somewhere in his or her system, hidden to all but a qualified physician, there is a cause, a reason, for the ache. And it's a physical disability that only a doctor can correctly diagnose, prescribe the remedy and thus save the sufferer from more serious complications.

Perhaps no human ailment is so frequently neglected as are headaches, nor so unsuccessfully self-treated. Even occasional headaches should serve as a warning that something is wrong with the functioning of the organic structure, and should result in a visit to the doctor's office for advice.

Then the choice of a druggist to fill the prescription should be a careful one.

THREE MORE OF THOSE SUDDEN DEATH GAMES ARE DUE THIS WEEK

SOUTHWEST CONFERENCE CAMPAIGN HAS REACHED CRITICAL STAGE

By The Associated Press

Three more of those „sudden death" games are scheduled this week in a Southwest conference football race that may be decided by discharges from the armed service.

The campaign has reached that stage where a defeat is enough to kick any team out of the championship picture.

Returning service men already are taking a big hand in the proceedings as the race rolls down its final four weeks.

At Dallas Saturday Bobby Layne who got out of the Merchant Marine a few days before Texas played Southern Methodist, passed and ran the Longhorns to a 12-7 victory that shoved the Orange back in the middle of the title drive.

In that game Doak Walker, who was discharged from the Merchant Marine the same time as Layne almost carried SMU to victorp. He made the Mustangs more potent than any time this season and indicated the Methodists would be powerful factors in deciding where the championship is to rest.

Texas Meets Baylor

Texas faces Baylor at Austin Saturday. The Bears cling only to a mathematical chance of figuring in the title. Defeat by Texas would definitely kick the Bruins into the discard along with Arkansas, which lost whatever hopes it may have had when it was trounced 34-0 by Texas A. and M. last week.

On the other hand, Texas, now tied for the lead with A. and M. and Texas Christian, would find itself pretty close to the shadow of the eight-ball shoull it lose to Baylor.

S. M. U. Vs. Aggies

Down at College Station Southern Methodist and Texas A. and M. will battle it out for survival while Rice risks its chances at Houston against Arkansas.

Texas Christian is the only team that runs no risks this week. The Horned Frogs play Texas Tech of the Border conference at Lubbock.

TCU did itself proud last Saturday in toppling Oklahoma 13-7 to improve the conference's Intersectional record and to show Texas will have its hands full Nov. 17 when the Frogs play the Longhorns at Austin. Texas had all sorts of trouble beating Oklahoma, TCU did it comparatively easy.

Baylor downed Southwestern 19 0 and Rice beat Texas Tech 13-0 in other nonconference tilts.

CORSICANA MAN FINANCE OFFICER SOUTHERN FRANCE

MARSEILLE, France, Oct. 24.—Lieut. Albert B. Horn, Corsicana-Texas, is finance officer of the 529th Field Artillery battalion here.

The 529th give direct support to the infantry in the Ruhr pocket, and after crossing the Rhine were assigned to guard duty in the Cologne area. They were slated for direct redeployment to the Pacific Theater, but the end of the war with Japan brought their assignment under the quartermaster command in Southern France guarding the large depot at Rognac, just outside Marseille.

The Corsicana lieutenant has been overseas since March, 1945, and has seen duty in France, Belgium and Holland He was formerly a student at Virginia Military Academy, Lexinton, Va. He wears the European Theater ribbon with one battle participation star.

His parents, Dr. and Mrs. A. B Horn, reside at 208 South Eighteenth street, Corsicana.

OCCUPANTS OF CAR ESCAPED INJURY IN TRAFFIC MISHAP

Lt. Robert B. McMullan, of Buckley Field, Denver, Colorado and Mr. and Mrs. T. C. McMullan, Tupelo, escaped with minor injuries Sunday evening when a farm truck driven by a negro man crashed into the Chevrolet sedan in which they were riding about 9:20 p. m. near the Post Oak Creek bridge on East First Avenue.

Highway Patrolman Byron Currin, who investigated the accident, reported that the truck crashed into the McMullan car and hit the left side of the bridge, damaging both vehicles severely.

The driver of the truck ran away from th scene of the accident, the patrolman said, but was later apprehended at his home.

J. M. Dyer, Mrs. Bill Cruze and Miss Hallie Mae Fowler of the J. M. Dyer Company will leave on Saturday for Eastern markets to purchase Spring merchandise.

WACO MAINTAINS LEAD IN DISTRICT 10-AA COMPETITION

Three conference and one nonconference games appear on the District 10-AA slate for next weekend. Following the games of last week-end, Waco Tigers, the defending district champions, assumed the top spot after the Cleburne Jackets were surprised and defeated 20-13 by the Temple Wildcats at Cleburne.

Waco rolled merrily along under wraps, showing nothing but an elementary ground game to defeat the scrapping Corsicana Tigers, 33-0, while Waxahachie Indians resurged over the Bryan Broncos, 21-0, holding the Brazos county lads to three first downs and eliminating them from the district race.

Hillsboro Eagles soared over the Ennis Lions in a return to their prowess shown in the early-season conflicts to win, 50-0.

This week's schedule includes:
Waxahachie at Corsicana.
Temple at Hillsboro.
Waco at Bryan.
Ennis vs. Tech at Fort Worth (non-conference.)

State Home Lads Meet Hubbard In Important Tussle

Headline attraction this week in the District 18-B race will be the battle on Garitty Field between the State Home Lads, present percentage leaders, and the Hubbard Jaguars, always strong contenders for first honors in that circuit.

This is State Home's first year in this district and at the present time is the only untied and undefeated aggregation.

Hubbard has a fine record, however, and laced the Frost Polar Bears, 25-7, at Hubbard Friday, by a more decisive count than did the State Home Lads here the previous week. The Hill county club is reported to flash a well-balanced backfield before a fine line.

Other interesting tilts will include Mildred vs. Trinidad, Kerens vs. Cooldige, Wortham vs. Frost and Dawson vs. Blooming Grove.

E. FRANK DUNTON COMMISSIONED AS ENSIGN IN NAVY

NEW YORK, N. Y., Nov. 5.—(Spl.)—Midshipman E. Frank Dunton, son of Mr. and Mrs. E. F. Dunton, Corsicana, Texas, was among 1121 men commissioned as ensigns, United States Naval Reserve, in ceremonies held Saturday in the Cathedral of St. John the Divine, New York City. This group was the 26th class to be graduated from the oldest and largest Naval Reserve Officer Training School, and brings the total of graduates from the training center to approximately 24,000.

Principal speaker at the ceremony was the Hon. James Forrestal, Secretary of the Navy. The Officers' Oath was administered by Commodore John K. Richards, USN, commander, U. S. Naval Reserve Officer Training Center, New York.

Officers Re-Elected By Fox-Wolf Hunters

Officers and directors were elected at a business meeting of the members of the Navarro County Fox and Wolf Hunters association held at the courthouse Saturday afternoon.

The financial and membership report showed the organization with a membership of 188 and with a cash balance in the treasury following the payment of all claims for the annual barbecue-meeting held near Kerens on the E. E. Smith farm, Oct. 26, 1945

Officers re-elected were Fred M. Copeland, Pursley, county commissioner, president; Morris Crawford Kerens, vice president and A. R. Cook, Corsicana, secretary. A new job—assistant secretary—was voted and Adren Crawford of Kerens was elected to that post.

Directors will be the four abovementioned officers and DeWitt Wallace, Dawson; Charles Kennely, Purdon; Carl Frazier, Streetman; V. T. Haynie, Powell; Bud Banks, Purdon, Frank M. Cartlidge, Phillip's Chapel, and O. L. Betts, Corsicana Route 3.

Sheriff and Mrs. C. O. Curington were in Denton on Wednesday to visit their daughter, Mary Ann, who is a student at NTSC.

CONFERENCE

CONTINUED FROM FIRST PAGE

ternates with power to advise and speak, but not to vote.

Supreme Confidence

Mr. Truman told them he had "supreme confidence" in their power to stop the worry of the people, a worry which he said was justified by the earlier promise of labor and management to "cooperate with their government through the reconversion period.

But he added: "I make no effort to fix the blame."

Asserting he was anxious to remove all war-time controls as fast as possible, Mr. Truman said labor and management must find a way of resolving their difficulties "without stopping production." He added:

"That Is Your Job."

"Finding the best way to accomplish that result without government directive to either labor or industry—that is your job."

The President said the country is worried and "has a right to be" about industrial relations.

"You have it in your power to stop that worry," he said.

"The time has come for labor and management to handle their own affairs in the traditional, American, democratic way."

"I hope that I can give up the President's wartime powers as soon as possible, so that management and labor can again have the full and undivided responsibility for providing the production that we must have to safeguard our domestic economy and our leadership in international affairs."

Presents Opportunity.

The President said the conference presented an opportunity to prove that the two groups "can come to an understanding and agreement without political or governmental pressure."

The American people, he said, "never expected anything like the amount of strife which has been thhreatened" since the war. Mr. Truman continued:

"And I know that the American people do not like it—especially after the solemn promise by representatives of both management and labor that they would cooperate with their government through the reconversion period.

Way Must Be Found.

"If labor and management in an industry or in a company, find that they cannot come to agreement, a way must be found of resolving their differences without stopping production."

At the basis of the problems involved, Mr. Truman said, "is not only the right, but the duty, to bargain collectively."

The President said a substitute must be found for jurisdictional strikes and management must not look upon labor relations "as a stepchild."

"Business simply cannot stop," Mr. Truman declared, "there can be no moral or economic justification for stopping production while rival organizations contend with each other. Labor has a particular interest in this matter—for nothing is so destuctive of public confidence in the motives of trade unionism as a jurisdictional strike.

Stepchild of Business.

"On the other hand, management too often has looked upon labor relations as a stepchild of its business to be disregarded until the controversy has reached a point where real collective bargaining becomes difficult—if not impossible. It happens all too fequently that in the actual process of collective bargaining, delaying tactics are practiced with the result that there is no real bargaining. There can be no justification for such tactics at the present time, or in the future."

Industry's delegation enters perhaps the most important domestic conference since the start of the war well agreed on one policy: A minimum of new government labor machinery.

If any new agency is recommended to replace the expiring War Labor board, one high official of the National Association of Manufacturers said, management delegates will want it divorced from the labor department.

The official, who asked not to be named, said this policy was determined by an industry poll taken by the NAM.

Keen Their Counsel.

The AFL and CIO, which held separate pre-conference caucuses over the week-end, kept their counsel on any decisions that might have been reached. There were known to be divisions of opinion, however, within both the labor and industry groups.

Beset at the start by two major threats to harmnoy, the 18 industry and 18 labor delegates were scheduled to sit down at 10:30 a. m. (CST), hear an appeal for cooperation from Mr. Truman 45 minutes later and then go to work.

Independent unionists, not invited to the big show, threatened to station pickets before the labor department auditorium and force the President as well as the conferees to cross a picket line to reach the conference table.

But a bigger hazard was the explosive wage issue.

The CIO wants to put it on top of the conference program, contending that a decision on wage levels is essential to economic stability during reconversion.

Management Spokesmen Apposed. Management Spokesmen Opposed.

posed. They hold that the nation's wage level should be "bargained out" industry by industry and that the meeting should devote itself strictly to finding ways of keeping the bargaining peaceable.

Even the most hopeful federal officials do not expect the conference to work magic on the troubled labor scene. But they do look for it to produce recommendations which would minimize work stoppages and thus speed reconversion.

Both cabinet officers have announced they will not press for adoption of a "government plan." Any suggestions they decide to offer will be submitted to the conference executive committee. The committee then will decide whether to send the proposals to the floor, just as it will with any other suggested additions to the agenda.

Conference Personnel.

Delegates to the conference are: American Federation of Labor—William Green, president; George Meanly, secretahy-treasurer; Harry C. Bates, president, Bricklayers, Masons and Plasterers International Union of America; Daniel J. Tobin, president, International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America; William L. HIGHBALLS WOULD BE EASIER TO DRINK but fish would be in a bad fix if water were heaviest at freezing temperature, instead of at four degrees (C.) above freezing: for ice would then form on the bottoms of ponds as readily as on top, eventually forming a solid mass in which fish life would be impossible.

LOCAL DELEGATION PLANS TO ATTEND CUBBERS' POW-WOW

A delegation of Navarro County adult Cub leaders will join with leaders from other Cub packs representing the twelve counties comprising Circle Ten Council at the Cubbers' Pow-Wow to be held Saturday afternoon and evening, November 10 at the Highland Park Junior High School in Dallas, according to John Corley, district chairman.

The feature event of the meeting will be a Blue and Gold banquet and exhibits of all types pertaining to Cub training. In the afternoon, four meetings will be held, discussing: Pack Management, Games and Fun, Cubcrafts, and Ceremonies and Entertainment. Following the banquet, the Cubbers will again pursue further discussions and demonstrations in chosen subjects of special interest to them.

Those attending from Corsicana are: E. E. Collins, Mrs. O. L. Albritton, Mrs. Edward Polk, Jr., Mrs. H. C. Robinson, Mrs. Lindsay Adams, Mr. and Mrs. Don Winslow, Mrs. A. J. Dooley, Mrs. Clyde Sharrer, Scott Lowry and Embry Ferguson.

A delegation from Kerens under the leadership of Rev. Maggart B. Howell and a delegation from Frost headed by Mrs. A. H. Faullin comprise the other groups from the county.

May Be aBodp Missing Boy

EL PASO, Tex.. Nov. 5—(AP)—City and county officers said today they were checking the possibility that the body of a three-year-old boy found in the Franklin Canal here yesterday is that of Dickie Tum Suden, missing Downieville, Calif., child.

Lt. R. H. Lessor of the police department and Sheriff Allen Falby said they had received no reports from parents in the El Paso area of a missing boy.

They said the body taken from the canal was that of a boy about three. Because of the condition of the body, they said they wre unable to get a good description, but stated that he apepared to have brown hair and brown eyes. The Tum Suden child was described as blond with blue eyes.

"We are going to check the California angle," said Lessor.

When removed from canal the body found here was fully clothed in brown sweater with green stripes brown trousers, white undershirt and white shoes.

A search for three-year-old Dickie Tum Suden has been in progress in the wild Sierras near Downieville for five days. The possibility of kidnaping has been considered.

SEARCHING FOR METEOR FALLING IN WEST TEXAS

AMARILLO, Nov. 5.—(AP)—A search is underway today for the meteor which fell west of Adrian at noon Saturday.

Oscar Monning, member of the Texas Observers, Fort Worth, and Floyd V. Studer, Amarillo, member of the Panhandle-Plains Historical Society, were seeking parts of the meteor northeast of here.

Fragments fell near Highway 66, according to Uel Pruett of Kansas City. Pruett was driving near the scene at the time. J. C. Estlack, Clarendon postmaster, said windows and doors rattled, with a sound like "boxcars slamming together."

Electric lights and radios north of here were out for two minutes.

Week Of Prayer, Self-Denial At First Presbyterian

The Woman's Auxiliary of First Presbyterian Church observed Week of Prayer and Self-Denial for Missions from Monday, October 29th, through Friday, November 2nd.

The observance opened with prayer on Monday afternoon at 3:30 o'clock, with Mrs. H. O. Blanding, chairman of the Cause, presiding. Mrs. John Sullivan brought a devotional message, "God Answers Prayer," and Mrs. Blanding spoke on "The Need for Home Missions."

The meeting was concluded with a circle of prayer with all present participating.

Requested to Pray

Members of the Auxiliary were requested to pray on Tuesday, Wednesday and Thursday mornings at 9 o'clock.

Concluding Meeting

The concluding meeting of the observance was opened at 10 o'clock on Friday morning, and a short conversational program on "Opportunities Unlimted Now" was presented by Mesdames F. L. Seale, A. W. Galloway and Wm. A. Knox.

Several chapters from the mission study book, "These Moving Times," were presented by Mrs. Andrew Byers, after which the meeting was adjourned for luncheon.

An appetizing two-course chicken dinner was served from tables adorned with marigolds and varicolored chrysanthemums.

The meeting re-convened at 1:30 o'clock ,and Mrs. Byers concluded the mission study book, after which an offering for missions was taken.

FRANCE MAY NOT BE INCLUDED IN RULE OF GERMANY

By EDWARD D. BALL

BERLIN, Nov. 5—(AP)—The United States, Britain and the Soviet Union will proceed with plans for a central administration for Germany without French participation if France persists in her opposition to central rule, an official informant said today.

The Potsdam declaration provided that a central government eventually would be established. The French, who were not signatories to the document, are demanding internationalization of the Ruhr and Rhienland. They also want to see Germany dismembered into economic bits and not rebuilt into an economic entity.

Under the Allied setup, unanimous agreement is necessary among the four occupying powers of any action taken by the control council. However, zone commanders may have bilateral agreements among themselves. It is understood that is what the three powers intended to do if France refuses to go along.

In effect, this would freeze France out of the central administrative setup and leave a barrier between the French occupation zone and the rest of Germany.

In one sense, such three-powr action would be what the French want, since they have expressed a desire to intergrate their zone economically—if not politically—with France.

UNITED STATES AND GREAT BRITAIN IN TRADE AGREEMENTS

WASHINGTON, Nav. 5—(AP)—The United States and Great Britain were reported today to have agreed on a sweeping program for rmoving restraints on world trade.

This is the immediate forerunner, officials predict, of another agreement on U. S. financial assistance to Britain. A review of the financial negotiations showed today that the sum probably will be between $3,500,000,000 and five billion.

The terms are understood to include:

1. A 2 per cent interest rate.

2. Repayment in fifty years, beginning five years after the actual making of the loan. This five year span is to allow the British to get back on their feet.

3. A provision that any time the British Empire fails to take in sufficient funds its payment for that year may be delayed.

The British negotiators, Lord Keynes and Lord Halifax, transmitted these terms to London about ten days ago. So far as could e learned over the weekend, thby ar waiting for a final decision by the London government.

Roosevelt Files Available Pearl Harbor Committee

WASHINGTON, Nov. 5.—(AP)—The late President Roosevelt's White House files—64 bundles each as big as a bal of hay—have been made available to a senate-house committee inquiring into the Pearl Harbor disaster.

Senator George (D-Ga) told a reporter today it is his understanding that no restrictions have been placed on the committee's looking over the documents.

Committee members said the files are locked up in a single room under the custody of Miss Grace G. Tully, personal secretary to the late president Miss Tully alone has the key to the room, they said.

The committee has yet to decide, however, just how far it will try to go into the Roosevelt records said to cover the period from 1940 t the late president's death.

Election Riots In Nuevo Laredo Sunday

NUEVO LAREDO, Mex., Nov. 5—(AP)—Two men were wounded by gunfire and six others injured in riots during an election here yesterday.

Those injured charged that members of an opposition party had opened the polls far in advance of the legal hour, and when they arrived to vote they were assaulted. Federal troops restored order.

Manuel Guiterrez and Pablo Ramirez were shot. Gumersindo Olguin, Arturo Avila, Marcelino Torres, Gregirio Rodriguez, Abustin Sallas and Angel Vargas were injured by rocks and were taken home for treatment.

Outcome of the election, which was to name a mayor and state deputy, will be announced later. A protest has been filed by backers of Pablo Pena for mayor and Refugio Santos for deputy. Running against them were Jesus M. Garcia for mayor and Mario De P. Vasconcelos for deputy.

HOUSE REPUBLICAN URGES SENATOR TAFT AS GOP CANDIDATE

WASHINGTON, Nov. 5.—(AP)—A house republican urged today that Senator Robert Taft of Ohio be the party's candidate for president in 1948.

The suggestion came from Rep. Mason (Ill) in what he termed "the opening gun" of the 1948 GOP presidential campaign.

Mason, in an address prepared for house delivery, also:

1. Proposed a cabinet team he said should be placed before voters along with Taft.

2. Proposed that "Jeffersonian Democrats" line up with "Lincoln Republicans" against "New Dealers. Socialists, Columnists, professional do-gooders and give-aways."

He suggested that former Republican Senator Henry Cabot Lodge of Massachusetts be the vice presidential candidate and that Taft be bound to name a cabinet including:

Secretary of State, Senator Arthur Vandenberg (R-Mich); treasury, former Commerce Secretary Jesse Jones, a Democrat; war, Gen. Douglas MacArthur; navy, Rep. James Wadsworth (R-NY); atorney general, Gov. Earl Warren of California; postmaster general, former GOP National Chairman John D. M. Hamilton; interior, Alf M. Landon, 1936 Republican presidential nominee; agriculture, Rep. August Andresen (R-Minn); commerce, Eric Johnston, president of the United States Chamber of Commerce; and labor, Rep. O. Dirksen (R-Ill)

PFS. A. L. POTTER HAS BEEN AWARDED UNIT CITATION

WITH THE 96TH INFANTRY DIVISION ON MINDORO—Private First Class Albert L. Potter of 507 East Eleventh street, Corsicana, Texas, is now sharing another army citation for outstanding meritorious performance of duty in combat.

A gold star has been awarded to his organization, the 321st Medical Battalion, for its excellent work during the Okinawa campaign. This star will be placed on his unit's first award, the Service Plaque, received for similar outstanding performance on Leyte. For the later citation Private First Class Potter wears a golden yellow wreath on his right sleeve.

During the execution of his duties, Pfc. Potter was wounded by enemy fire and thusly awarded the Purple Heart medal by the commander of the 96th Deadeye Division, Maj. Gen. James L. Bradley. Pfc. Potter served as a forward ambulance driver evacuating wounded from the front lines.

His wife and two and one-half-year-old daughter, Diane Frances, reside at 842 West Seventh avenue. His father, Frank L. Perry, resides at 603 North eBaton street. Mrs. Perry is the former Opal Omega Moore, daughter of Mr. and Mrs. S. M. Moore, Dallas.

WAXAHACHIE MAN IN FIELD FOR POSITION IOOF GRAND WARDEN

WACO, Nov. 5.—(AP)—Five candidates today were in the field for grand warden of the Grand Lodge og Texas Odd Fellows, a position which eventually leads to the Grand Master place.

They are Marvin Simpson, Fort Worth; J. O. Jobe, Waco; Herman Lambrecht, Beaumont; Lem Wray, Waxahachie; A. H. Back, Tyler.

They will be voted upon tonight.

Candidates for grand representative to the Sovereign Grand Lodge include retiring Grand Master B. A. Carter, San Angelo. Claude Carter, San Antonio; J. R. Ogle, Wichita Falls; O. A. Bateman, Fort Worth, and D. Warren, Gilmer.

Deputy Grand Master Sherman C. Deed, Dallas, was slated to become grand master.

The assembly was to consider this afternoon a resolution making Waco the permanent Grand Lodge home.

The Rebekahs will elect officers this afternoon.

Security Exchanges Be Closed Tuesday

NEW YORK, Nov. 5—(AP)—Major securities exchanges throughout the country will be closed Tuesday Nov. 6, when elections are scheduled in a number of communities.

New York stock and curb exchanges declared a one-day holiday because of the election.

Cotton and produce markets in New York will be closed, but the Chicago Board of Trade will remain open as will the New Orleans cotton market. Various livestock markets will function as usual.

In the following week, with Armistice Day, Nov. 11, falling on Sunday, the holiday observance will be held on Monday, Nov, 12 with markets and banks generally closed in nearly all states.

4-H CLUB NEWS

Richland Girls.

The Richland 4-H Girls club met Friday, Nov. 2, for a business and program session.

The president, Mary Alice Wenstead, presided during the business meeting, which was opened by repetition of the club motto, "Make the Best Better."

Virginia Fleming, secreray, read the minutes of the last meeting. The problem of sending food to war-torn countries for Thanksgiving season was presented to the club by Miss Jo Ann Millican, assistant home demonstration agent. A goal of 25 cents for this service was set for each club member's contribution.

"Making Presents for Christmas" was the program topic presented by Miss Millican. Gifts to be made by the club girls include useful articles from flour and meal sacks.

The club will meet again on November 15.

SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Navarro Hotel, Corsicana Friday only, Nov. 9, from 9 A. M. to 4 P. M.

Mr. Shevnan says: The Zoetic Shield is a *tremendous improvement* over all former methods effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge.

Felto Prewitt Is Making Bid Again All-America Fame

TULSA, Okla., Nov. 3.—(Spl.)—Felto Prewitt, 215-pound junior from Corsicana Tex., will probably be the starting center for Coach Henry Frnka's University of Tulsa Golden Hurricane when it meets the Oklahoma A. and M. College Cowboys at Stillwater, Nov. 10, in one of the nation's top games.

A veteran of two bowl games, Prewitt was placed on a number of All-American teams at the end of the 1944 season. These included the New York Sun, Stars and Stripes, and North Jersey Press Association first teams, and the Associated Press second team.

One of the "iron men" on last year's Tulsa squad, Prewitt was hampered by injuries in the Texas Tech and Nevada games. He didn't play at all in the Tech contest and played but one quarter against Nevada. However, he got in quite a bit of time against the Indiana Hoosiers last Saturday and played a great defensive game.

Prewitt, considered one of the two best players in the Hurricane forward wall this season, is a standout on defense. He is an excellent jipe backer and is unusually quick in his diagnosis of opponents' plays.

If Prewitt's play during the remainder of the Hurricane schedule measures up to his past performances, he will again be deserving of all-American acclaim. Tulsa plays Baylor on Nov. 17 and Arkansas on Nov. 22, both here.

Prewitt is enrolled in the college of arts anad sciences at the University of Tulsa.

WACO TIGERS WON OVER CORSICANA FRIDAY EVENING

HEAVY WACOANS PLAYED UNDER WRAPS TO WIN, 33-0 OVER BENGALS

By PAUL MOORE
Sun Sports Editor.

A good big club played a good little club at Municipal Park, Waco, Friday evening and the Waco Tigers won, 33-0, to become the undisputed leader in District 10-AA when Temple socked the Cleburne Jackets, 20-13, to remove the Johnson county club from the top position in the percentage column.

Corsicana Tigers gave a most excellent account of themselves, and fought their bigger, older, heavier and more numerous adversaries from whistle to whistle, stopping Waco advances on frequent occasions and lashing out in spectacular plays when least expected by the Wacoans. The Waco crew, obviously playing under wraps and remaining on the ground, won easily, but the fighting, young courageous Tigers from Navarro county received many compliments from the Wacoans, and with a break or two, might have scored at least a couple of touchdowns.

Band Gave Features.

During the half intermission, the rival bands presented intricate, difficult and tinely-appointed drills and formations. The Corsicana band apparently has been spending hours drilling for this trip and its performance was a credit to everyone concerned. Enthusiasts in the stands remarked that it reminded them of the SMU Pony band of a few seasons ago. The Waco band formed "C. H. S." and "W. H. S." and then as a compliment to both teams and towns, broke into "Tiger Rag" at the beginning of the second half.

An impressive raising of the national flag on a tall flag-pole prior to the opening kick-off while the Waco band played the national anthem was one of the features following the alma mater band renditions of both high schools.

Clark's Fine Run.

June Clark electrified the stands on more than one occasion by his sensational darts for gains, and once broke loose for a 51-yard jaunt before he was pulled down deep in Waco territory. Several times passes thrown by Flynn almost connected behind the Waco goal line.

Watson's punting was the best of the season. The tackling of Andrews, Cummings, Blakeney, and others was exceptional, while every boy sent into the lineup as starters or substitutes played fine games.

Those who witnessed the melee were well-satisfied with the outcome.

Opening Score.

Waco struck first in the first quarter after Clark had given them a scare. Waco moved down the field and was forced to punt when the Corsicana line stiffened. Clark took the kick-off on his 3 and dashed back up the field to the 24 before he was pulled down. Waco later gained the ball on the Corsicana 46 and the winning march was uncorked. Lindloff ripped away for the first down to the Corsicana 23 and then another first down went to the 11. Lindloff carried to the 3. Scarbarough made a yard and Lindloff cracked over right tackle for a touchdown with Froggie Williams converting.

Clark ran 14 and a first down to his own 35 and Waco intercepted a Corsicana pass on the Corsicana 37 to stop the threat. Andrews pounced on a Waco fumble and Waco then intercepted a pass on the Corsicana 22. The last play in the first period gained a yard.

Second Quarter.

Corsicana stopped the Waco advance and took the ball on downs on her own 18. Both sides were forced to punt.

A bad pass from center caused Watson to punt, to lose 10 and gave Waco the ball on the Corsicana 35.

Brenner ripped 13 and a first down and then two plays netted another. Brenner carried 5 to the Corsicana 8. Lindloff made a yard over the stubborn Corsicana line. Brenner stopped on the 6 by Cavender and then Cobb stopped Brenner on the 3. Brenner crashed over the line ofr the touchdown with Williams' placement for convesion wide. It was Waco's ball on her own 42 as the half ended with the score 13-0.

Big Third Period.

The Brazos Bengals scored three times in the third stanza. Brenner broke into the open early in the period and made 39 yards before being pulled down by Clark and on the next play went 7. Brenner then cracked the right side of the Corsicana line for a touchdown and Froggie Williams converted.

Clark brought the stands to attention by his sensational jaunt before being pulled down on the Waco 23 by Scarbarough. Flynn and Ganze picked up 3 to the Waco 20 in a couple of line plays. Brenner intercepted a pass on his goal line and ran back to the 20 to stop the threat. A short time later Scarborough broke away for a 66-yard run for a touchdown and Williams converted. The third drive was from the Corsicana 42 with Dozier going over after the sustained drive.

Bill Davis made a fine punt return as the period ended.

Scoreless Fourth.

Neither side scored in the fourth with Corsicana passing much of the time. Dozier intercepted a Tiger pass and Andrews recovered a Waco fumble. Blackstock intercepted a Corsicana pass. A pass, Flynn to Stroube, was completed for 27 yards gain to the Waco 19 and Reed passed to McLeod behind the goal line, but it failed of completion. Later Flynn passed again to Stroube and it was ruled completed on the Waco 13, but Waco rallied and the ball went over on downs.

PFC. L. L. HAMILTON IS DISCHARGED AT FORT SAM HOUSTON

Pfc. Leonard L. Hamilton (above), native of Corsicana and veteran of 19 months in the Mediterranean Theatre of Operations, 339th Infantry Regiment, 85th Division, has received an honorable discharge from the service at Fort Sam Houston. En route to San Antonio he was met at Waco by his wife and three-year old daughter. They are now the guests of his parents, Mr. and Mrs. E. E. Hamilton, where they will spend several days prior to returning to their Dallas home.

Hamilton saw service both in Italy and Austria and has been awarded the Combat Infantryman's badge, the Good Conduct medal, the MTO ribbon with three battle stars. He participated in the Rome-Arno, the Gothic Line and the Po Valley campaigns. After the surrender of Germany, Hamilton was assigned to special duty in Rome.

Reared in Corsicana, Hamilton is a graduate of the Corsicana High school. Prior to induction into the army in 1943, Hamilton made his home in Dallas for ten years, where he was employed by the Southwestern Life Insurance Company, as manager of one of the company's departments in the Dallas office. He will resume his previous duties in Dallas following his Corsicana visit with relatives and frends.

STATE HOME LADS SMOTHERED MILDRED FRIDAY NIGHT 63-7

LOCALS SCORED FIRST TOUCHDOWN IN EARLY PLAY OF CONTEST

By GROVER HEIMAN
Sun Sports Staff.

Scoring on the eighth play of the game, the State Home Lads proceeded to trample the Mildred Eagles 63-7 in their District 18-B game played Friday night at Garitty Field.

The smooth-functioning Lad team, delving deep into its substitutes, scored twice in the first quarter, three times in the second, twice in the third and three times in the fourth to accumulate ten touchdowns and three extra points. The hapless Mildred Eagles, occupying the district cellar with no wins and no points, broke out of the scoreless column and tallied it's first point of the season midway in the fourth quarter.

Pillows Leading Scorer.

Pillows led the Lad scoring with four touchdowns and two extra points for a total of 26 points. Brown assembled 19 points for the evening with three touchdowns and one extra point. Baker, with three touchdowns for 18 points rounded out the Lad scoring. Neyman was the scorer for the Eagles.

Bridges, Lad Guard, recovered a Mildred fumble on the second play of the game on the Eagle 29. Pillow, Baker and Brown moved the ball to the one-yard line, where Pillows slanted off right tackle for the score. The try for extra point by Pillows was no good.

Again in the first quarter the alert Bridges recovered a Eagle fumble on the Mildred 25. On the next play, Baker swept left end and ran the remaining yardage to score. In the closing seconds of the first quarter, the hustling Bridges blocked a Mildred punt but Hodge, Eagle back, recovered. The State Home team took the ball on downs as the quarter ended with the ball on the Mildred 27.

Second Quarter.

On the first play of the second quarter, Brown swept left end for 27 yards and a Lad tally. Pillows kick for extra point was wide. Again the Lads rolled in the second quarter as Baker took the ball on the old Statue of Liberty play and scampered around left end for 42 yards and a score. Pillows' kick for extra point was good.

As the quarter drew to a close, Mildred muffed a kick deep in the shadows of its goal post and State Home rolled again, this time Pillows carried through the center of the line. Pillows' kick was low. Score at half was 32-0.

Brown Ran 65 Yards.

In the first minutes of the third quarter, Brown at safety, took a Eagle punt and behind stellar blocking raced 65 yards for another tally. Pillows failed to collect the point after touchdown. The seventh Lad touchdown came midway in the quarter as the Lad passing attack clicked when Jones heaved an aerial to Pillows from the Mildred 47. Pillows raced the remaining distance. The try for extra point was low.

The eighth score came on the first play of the fourth quarter as Jones again connected with Pillows via the air for eight yards and a score. The try for extra point was blocked. A few minutes later, Brown on a reverse from Jones raced 20 yards to mark up another tally. The extra point was not collected.

Mildred Scored.

In the waning minutes of the ball game, the hapless Eagles came to life and on a sustained drive from their 20 yard line carried the ball to the Lad 39, where Neyman broke loose and deceptively raced through the entire Lad secondary for the long-sought tally. The extra point was gained on a pass.

The final Lad score came soon after as Baker took the ball from Jones on the Statue of Liberty play again and sprinted 39 yards to pay dirt. Brown, on a pass from Jones marked up the extra point. The final score was 63-7.

Former Corsicana Man Was Honored Panama Recently

Capt. Merle Bergeson, formerly of Corsicana, was twice honored on Tuesday evening by troops of the 902nd anti-aircraft automatic weapons battalion of the Panama Cost Artillery Command.

He was feted upon his birthday and 16th wedding anniversary at the battalion' annual Hallowe'en frolic in the Gatun Hospitality House.

Former spiritual adviser of the 902nd battalion, Capt. Bergeson is now chaplain of the 368th General Hospital at Fort Gulick. His wife, Mrs. Faye L. Bergeson, accompanied him to the celebration.

A mammoth birthday cake was baked in Capt. Bergeson's honor by Mrs. Stella Howe, Hospitality House mother. Hallowe'en games were played and refreshments were served under the direction of Lieut. John J. Sheehan, battalion special service officer.

Capt. Bergeson was once a construction worker on the Panama Canal but, returned to the United States to study for the ministry. During his residence in Corsicana, he served as chaplain at the State Home. After his recent return to Panama as an Army chaplain, Mrs. Bergesno left by plane to join him at Cristobal, where they are now making their home,.

INCREASE SHOWN IN JOB APPLICATIONS AT LOCAL OFFICE

A steady increase in applications for work at the local United States Employment Service offices has been noted, according to W. B. Reedy, manager of the office, who attributes the increase to increased number of discharges from the military services as well as the return of war industry workers to the local area.

There were 65 applications for employment during the week of October 24-Nov. 1. 48 of whom were veterans There were 37 job placements and 88 employment opportunities listed.

The principal demands are for unskilled and service workers, although a few listings as had for skilled, technical and professional workers. Job listings has declined during the past 60 days, and indicates a levelling off since V-J day when job listings tor private and non-war activity reached a peak in the local area. Reconversion problems are still holding up local action such as the building and construction trades, according to Reedy, and other programs where materials are factors.

CARD OF THANKS

We wish to express in part by this means our deepest apreciation for the many thoughtful calls, messages and other expressions of sympathy which brought us much comfort and support in the loss of our beloved mother.

A total of 52 marriage licenses was issued during the 31 days of October, and 40 divorce cases were filed.

Aggregate cases filed in the office of the District Clerk equal 47, including 1 annulment, 1 application for writ of habeas corpus, 2 suits on bond, 1 damage suit, 1 injunction and 1 suit to remove from office.

Twenty-seven divorce cases were granted in District Court during October, with 21 divorce cases dismissed.

Prisoners confined in the county jail during the month totaled 42.

J. S. Murchison Named Chairman Of Ration Board

J. S. Murchison, formerly mayor of Corsicana, has been appointed chairman of the Navarro county war price and rationing board, effective Nov. 2, according to Gus W. Thomasson, district director of OPA.

Murchison fills the vacancy created when W. A. Wright resigned from the post several weeks ago. Wright's resignation brought forth vehement protests from the city's luncheon clubs, the Chamber of Commerce and other civic groups, and culminated a series of maneuvers by OPA and Corsicana officials.

In today's announcement, Thomasson revealed that Murchison's appointment was made "with the endorsement of local citizens." He also revealed that the name of the local board will be changed to war price control board on January 1 Murchison will be asked to serve as chairman of the new board, he said.

Reorganization of the price panel is planned in the future, Murchison announced. Prominent citizens from each section of the county will be asked to serve on the panel.

"It will be the duty of the panel to see that the merchants of Navarro county charge the consumers no more than ceiling prices for any item that is covered by price regulations," Murchison stated.

Jerome Mims was in Dallas Saturday to attend the T. U.—S. M. U. football game.
